PERSONAL STATEMENT

As a passionate and motivated individual and recent computer science graduate with strong academic credentials and hands-on experience in programming, algorithms, and system design. I am eager to apply my technical skills and creative problem-solving abilities in developing and customizing technical solutions and products to meet client needs as a Solution and Product Engineer. Throughout my academic journey, I have cultivated an understanding of programming languages such as Python, Java, and JavaScript. I am particularly drawn to Huawei because of its dedication to bring transformation to every home, organization and community for a fully connected world. I am excited about the opportunity to contribute to projects that push technological boundaries while learning from industry experts.

EDUCATION

Federal University of Petroleum Resources, Effurun (FUPRE)

Delta, NG

Bsc Computer Science

Graduation Year : October 2024

EXPERIENCE

SIWES INDUSTRIAL TRAINING

Federal University of Petroleum Resources, Effurun

June - November 2023

- ❖ I built a responsive web application using Hyper Text Markup Language (HTML), Cascading Style Sheet (CSS) and JavaScript.
- ❖ Implemented user login and authentication system with Node.js framework.

VOLUNTEER

January - April 2024

- ❖ Collaborated with a team of developers to build a Phishing Email Detection using Classification Algorithm.
- ❖ Collaborated with the same team of developers to build a Transliteration System.

FINAL YEAR PROJECT

Federal University of Petroleum Resources, Effurun

November 2024

- ❖ I implemented an Internet of Things (IOT) Based Home Security Alarm System for the Deaf and Hearing Impaired using Arduino IDE, ESP 32 board and ultrasonic vibration sensor.

RESUME SKILLS

- ❖ 2 years experience on HTML, CSS and JavaScript for responsive and interaction web applications.
- ❖ 2 years of using git and github for application version control.
- ❖ Excellent interpersonal and communication skills.
- ❖ Ability to identify issues, analyze situations, and develop solutions effectively.
- ❖ Experience working collaboratively in a team, either as a participant or a leader.
